SPIRIT WEEK

Nauset students, faculty and staff kicked off spirit week with teacher day. The court yard was filled with many versions of Dr. Markovich, Mama Locke , Coach Quill and Ms. Mosesso . The students sailed into school Tuesday dressed as pirates hoping to take home the gold for the day. Wednesday was the day when the rock stars showed off their big hair and wild outfits. Villians swarmed Nauset on Thursday wearing capes and Yankee T-shirts. Friday, Nauset 's campus was sea of Black and Gold as students showed their true colors and spirit!

PIRATE DAY

Class Spirit

SENIORS

Ahoy mates! A pirate ship with Ms. Martin at the helm sailed the seniors into first place in the hallway competition.

JUNIORS

It was a close call between the juniors and the sophomores as they tied for second place with a beach theme.

SOPHOMORES

Based on a jazz theme, the sophomores filled their hallway with albums, piano keys and silhouettes of jazz artists.

ROCK STAR DAY

FRESHMEN

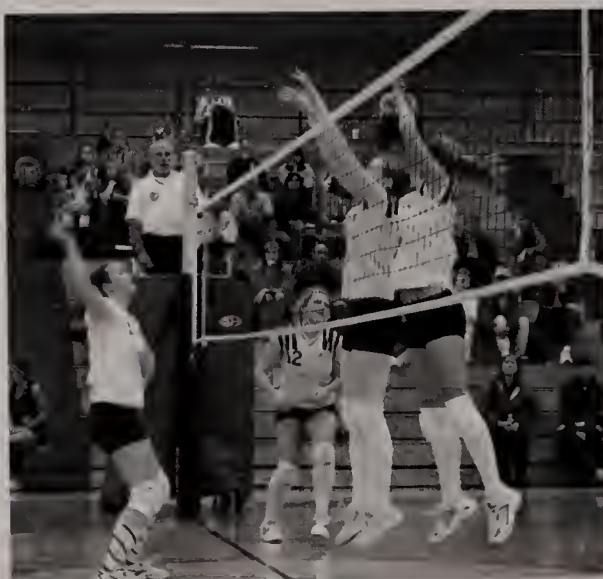

The freshmen creatively decorated their halls with lots of black and gold balloons and lots of spirit.

HOMECOMING GAMES

Students filled the fields and stadium seats to support the Nauset sports teams in the games that followed the pep rally. The teams consisted of boys and girls soccer, cross-country, volleyball, and field hockey. The girl's and boy's soccer teams were victorious as were the girl's field hockey team. Saturday, the football team played against Marshfield. During the half time show, the Dance team preformed and the homecoming court was announced.

Seniors, juniors, sophomore, and freshmen classes each set up booths and offered a wide assortment of refreshments to satisfy the crowd of supporters. Despite the freezing temperatures, the cheerleaders demonstrated their commitment and bravery by participating in a dunking booth to raise money.

Ferris Bueller's Day Off led the Senior's to an overall win. They topped off the whole week in 1st place.

Superman flew past the crowd and pumped up the Junior class, placing 3rd.

Snakes on a Plane The Sophomores soared into 2nd place with their rendition of Nauset Air.

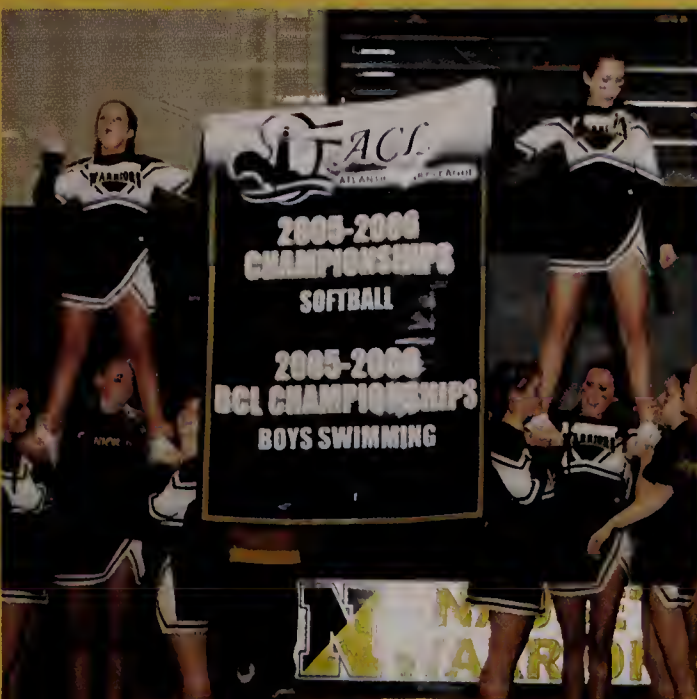

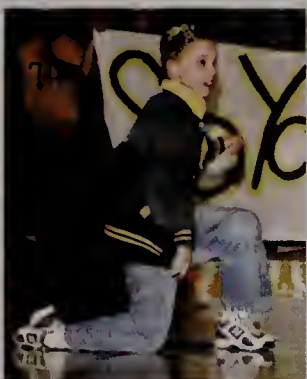

So you think you can Dance? Spirit radiated from the Freshmen Class as they danced away with 4th place.

Mardi Gras Dance

On Friday October 7, students gathered at Nauset for a night full of dancing. The gym was decorated with giant masks and bright colors to reflect the theme. Impressively dressed students with Mardi Gras beads and feathers danced to songs such as "Sexy Back" and "Money Maker". As the homecoming court was announced, the royal couples proudly walked the red carpet as the crowds cheered. It was a night to remember.

Remember When?

Freshman year we embarked on a new stage of our lives.
Everything seemed new and exciting
We were ready to explore our options as high school students

As Sophomore year rolled around, classes became easier to find
And we were no longer the new kids on campus
We dreaded MCAS, but when the time came, we, as a class, excelled
Raising the bar for the next year's sophomores
And of course we will never forget the time we beat the juniors
Placing second overall for homecoming week

Junior year, we were finally upperclassmen
Our schedules were full with SAT prep and junior paper research,
But after many sleepless nights, our effort paid off
Making it through the toughest year of our high school career
Along the way we got to enjoy ourselves at the Winter Semi-Formal
We thank our class senate for planning such a fun night

Then we were seniors! The year we had all been waiting for
We finally won spirit week and ruled the school
But little did we know how close the end actually was
It came and went, in what seemed like just a blink of an eye
But no matter what the future holds, we will always be

I never anticipated myself writing something really profound for my senior text. If four years of high school has taught me anything, it's that not everything can be clearly put into words; some things are better left to the imagination. I entered this place having no idea who I was, and I am leaving with a vague idea of who I am. And I may not have it all figured out just yet, but at least now I know where to look to find it. Ready. Set. GO.

High school is over, looking back I remember the challenges we have overcome to get this far. How the decision we made, large or small, changed us for the better. It's that senior year is the most emotional year, until now I never thought of it that way, but reminiscing on friends lost, friends gained, hearts broken, hearts found, and the people we have become proves that we will cherish these days. We will grow old and our memories will reflect the teachers who worked hard to make a difference, and the friends that were there through it all.

High school has been quite a trip. I'd like to say I hated it, but that wouldn't be true. I'm not saying I liked it, but what's to like waking up at six o'clock to study things you'll probably never see again. At least I'll leave with great friends, and the memories of great teachers, who taught me a lot about myself. When I walk out those doors I won't look back or change the way I am. Because in the words of Kurt Cobain, "I'd rather be hated for who I am than loved for who I am not."

There's this adorable swan couple who live on the lake. One day last spring, one of them disappeared and wasn't seen for weeks. We worried. Then, one day last spring plus a couple of weeks, I saw both of them come into view, with six baby puffballs of swan waddling behind them. They're now fully-grown, charming young adult swans. As usual, I've waited to the last second to write this, so you'll have to come up with a metaphor of your own. Good luck to everyone.

One thing that I'll always have is the memories that my friends and I had together whether in school or out. Me and my friends Connor, Ryan, Duane, and Gary have this go-cart we built and we take it out underneath the power lines in N. Eastham all the time and we always have loads of fun. We take that and some other go-carts and whip them around and have lots of fun, I always loved going fishing with my friends out on their boat. One thing people, including some teachers, will remember, because I'm famous for it, is the guitar that I built in Mr. Hoyt's Guitar Building class, the '49 merc Car Guitar.

I remember the fun times in cabin 10, the freezing cold nights, and the itchy wool blankets... I remember our last day at Lonesome Lake, I was sort of sad to leave..." Katie Roy (Junior)

"Welcome my little chickens..." my new history teacher greeted the new batch of juniors at 6:00 am at the end of our summer vacation. I had heard a lot about this program they called "SWS" but I didn't really know what to expect. They told us the previous May that to become a SWS student you would need to go on a hiking trip. A WHAT? Me, climbing a mountain with other kids, some friend, some foe? I was skeptical about this experience. But like a good camper I bought and packed my stuff... I wondered, "What does this have to do with the SWS courses I would be taking?"... When it was time to go I had made new friends and gained self-assurance. On the bus ride home, I really understood what the trip was about. The SWS program wasn't just about school, it was about life. The trip gave us an opportunity to bond with an academic family to help us work well together in future group activities. Even though the trip was a year ago, our SWS class still works as a team. We have our ups and downs, but we are just as closely knit as the day we left the mountains, a newly formed family." -Franque Perkins (Senior)

Locations: Nauset High School, Animal Rescue League and CC Childrens Place

{WHAT DO WE DO FOR HAITI?}

This year alone, students have shown a huge interest in all of the Haiti fundraisers. Coffee is sold for a buck a cup every morning. Matenwa Mondays are where students donate money to help feed the children of the Matenwa Community School. Nauset students are helping them start the first public library in their area.

{WHAT DO THEY DO?}

"One hundred hours really isn't that much if you think about it. I put awards together for the Cub Scouts, help prepare projects for the Girl Scouts, visit my "little sister" from Big Brothers Big Sisters and help out with fundraisers with SWS. It seems like a lot of work, but it's just part of everyday activities."

- SAMANTHA COFFIN

"I have been doing community service since I was able to walk. I have participated in Girl Scouts and acted for the Academy of Performing Arts. I have cleaned beaches, worked at Soup Bowls for hunger, and helped my mom teach special needs children. I will always keep on doing community service until I die."

- THERESA VIENT

"To me, community service was the most rewarding thing. I thought of it not as a job, but as something I looked forward to doing each time. Working at Wild Care and at the Museum of Natural History with the animals gave me more than I thought it would."

- ESTHER CONWAY

{SOCIAL JUSTICE DAY}

Nauset's first annual Social Justice Day was May 1st. Nauset and other area schools such as Harwich High School, Cape Tech and Provincetown share what they have done to promote Human Rights and raise awareness locally and globally. Nauset presented projects with the Gay-Straight Alliance, Invisible Children Club and Kim Andolina's Haiti film.

On May 1st following Social Justice Day events in the library, several Nauset students, gathered together at the Federated Church of Orleans. Some students participated in various ways. Dylan Tarr and Paige Wilcox played music while guests entered and exited the church. Austin DiBari and Lorena Dame introduced one of the guest speakers and participated in the lighting of memorial candles. Three vocalists sang a song by Hannah Senesh.

Guest Speakers:

Janet Applefield and Ernest Rugwazingonga

Several dedicated members of the Nauset School Community participated in Relay for Life on April 27th and 28th. They all walked around the track from 3pm on Friday afternoon until 11:30am Saturday morning.

Disney Trip

March 29, 2007 to April 2, 2007

This spring the Music Department traveled to Disney World to perform and work with professionals. The chorus wowed their audience on the streets of Downtown Disney while the band, jazz band and orchestra got to perform in Magic Kingdom. The students also had the opportunity to experiment in a Disney music workshop where they recorded a Disney song. Down time was spent exploring the parks and enjoying the beautiful weather. Students watched the awesome performance of Fantasmic and in the Magic Kingdom the parade and the "Wish upon a Star" fireworks. Nauset students returned late Monday with many wonderful learning experiences and a memories.

Drama

Nauset's Rising Stars

The Drama Department as usual, had a wonderful performance year. Their productions included: "Othello" in the fall, "The Beggar's Opera" in the winter, and "Oklahoma" in the spring. The Nauset players worked long hours after school, and with the help of Mrs. Hamer, they had a successful production. The honors acting took part in a competition with many other acting groups. They performed the play "The Beggar's Opera" and were rewarded for their excellent work. The Nauset players are not just a club, they are a team and a family. Together they work for the entertainment of others.

"The Beggar's Opera"

"The one place where it is ok to be a drama queen."

With your warm and engaging personality, talents, and abilities, we know that you will be successful in whatever you chose to pursue. Remember, what matters is not what you attain materially but rather your compassion and influence on the lives of others.

You are a special gift - we love you very much and wish you all the happiness and joy that life has to offer.

Mom and Dad

Brittany,

To Conor Michael O'Brien

What's in a name? Plenty when it comes to Conor Michael O'Brien! Conor, you were named after the lead character in Leon Uris's epic book *Trinity*, Conor Larkin—a strong Irish boy who fought hard for the freedom of others. Your middle name, Michael, is a reference to Michael the Archangel, the fierce protector of the Gates of Heaven. Conor Michael, in the ebbs and flows of life, you are destined for greatness in fighting for the rights of others. Walk confidently in your name!

As a small child, you were always going off in your own direction. We were so afraid of losing you at Disney World when you were two that we pinned an identifying label on the back of your shirt each day, so that someone would return you to us if you got lost. Now you are graduating from High School and will very soon be heading off in your own direction again. You have grown in to a wonderful young man, and we are so proud of you. Set your goals, go after your dreams and remember that we love you and will always be here for you.

I wish you,
I wish you these wishes:
Cool drinks in your glasses.
Warm food in your dishes.
People to nourish, and cherish and love you.
A lamp in the window to light your way home in the haze.
I wish you the sweetest of nights and the finest of days.

I wish you, I wish you
A talent for living.
Delight in the getting.
Delight in the giving.
A song in your soul and someone to hear it.
The wisdom to find the right path when you're lost in a maze.
I wish you the sweetest of nights and the finest of days.

A snug roof above you.
A strong self inside you.
The courage to go where you know you must go.
And the heart to guide you.
And good friends beside you.

I wish you, I wish you
A dream worth the doing.
And fortune's face smiling
On all you're pursuing.
And pleasures that far far outweigh your small sorrows.
Arms opened wide to embrace your tomorrows.
A long sunlit sail on the bluest and smoothest of bays.
I wish you the sweetest of nights and the finest of days.

Ashley, congratulations and to say that I am proud of you surely would be a gross understatement. Having to write something meaningful gives me an opportunity to mentally recap your young life thus far and I am sure I am not alone when I say "from birth until now feels like it has been a nano second"! The end of your High School days is just one in many milestones to come in your life and your steady, solid approach combined with your loyalty and drive only further insures a successful future. As a mother I could go on and on about your "life" accomplishments but most important I would like to congratulate you on "you"! Clearly, you have what it takes to be disciplined, reliable, consistent, respectful, humble and trustworthy. This is but the beginning, the big world calls you and if you fine tune the afore mentioned attributes then.....you win!
Here's to you Ashley, success and happiness await!

CONGRATULATIONS CLASS OF 2007**

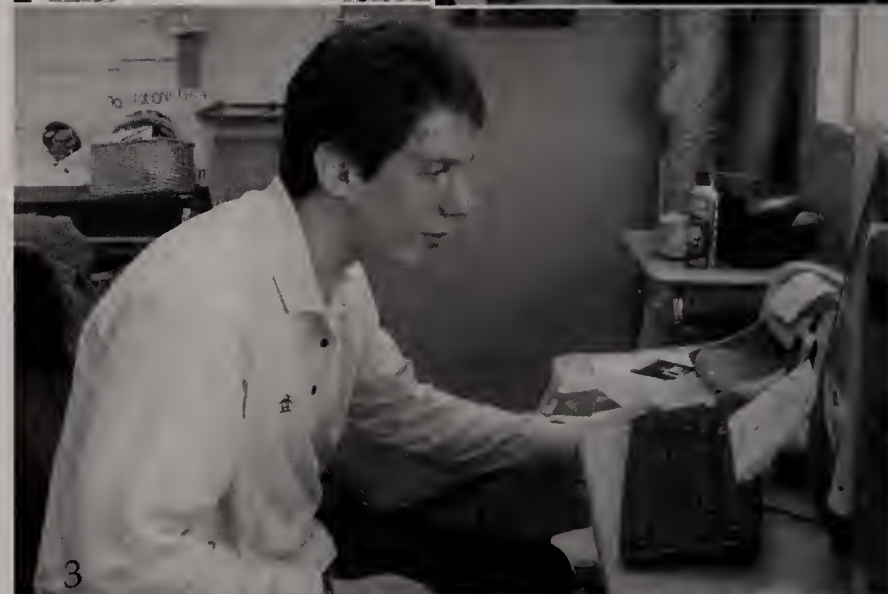

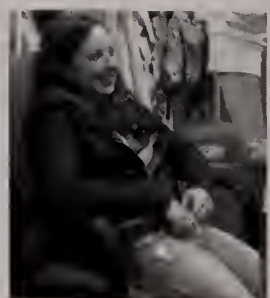

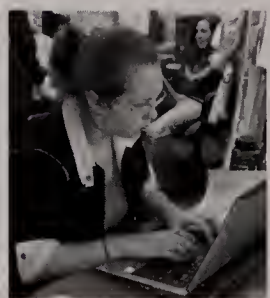

Yearbook Staff

The ones who made it happen!

The Yearbook Staff, advised by Mrs. McGown and Ms. Lebow, worked tirelessly to produce the 2007 yearbook. Using both teamwork and encouragement from our two advisors to fuel our progress we were successfully able to finish this edition of Nauset Tides. Good luck to the class of '07 and we hope you enjoy the yearbook as much as we enjoyed putting it together.

Got to make the deadline. Samm Coffin types up her community service pages that she and Nicole Dubois created for the yearbook.

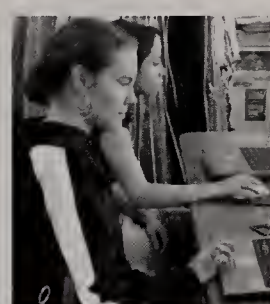

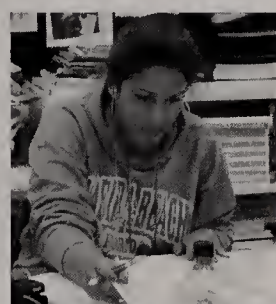

Taking a breather! Sam Mohan has been working hard all year with her partners Nicole, Courtney, Julie and Sarah on the various pages and candid shots for the whole school!

1. Lorisa Robinson captures the seniors in their early years on the baby pages.
 2. Courtney Dubois adds the final touches to a senior page.
 3. Devin Smoller looks over his faculty pages.
 4. Chrissy Fancy cuts through the newspaper for our school sports articles.
 5. Sarah White laughs at her classic candid pages!
 6. Danielle Sullivan, Kelsey MacDonald and Lauren McGown collaborate to bring together our senior pages.

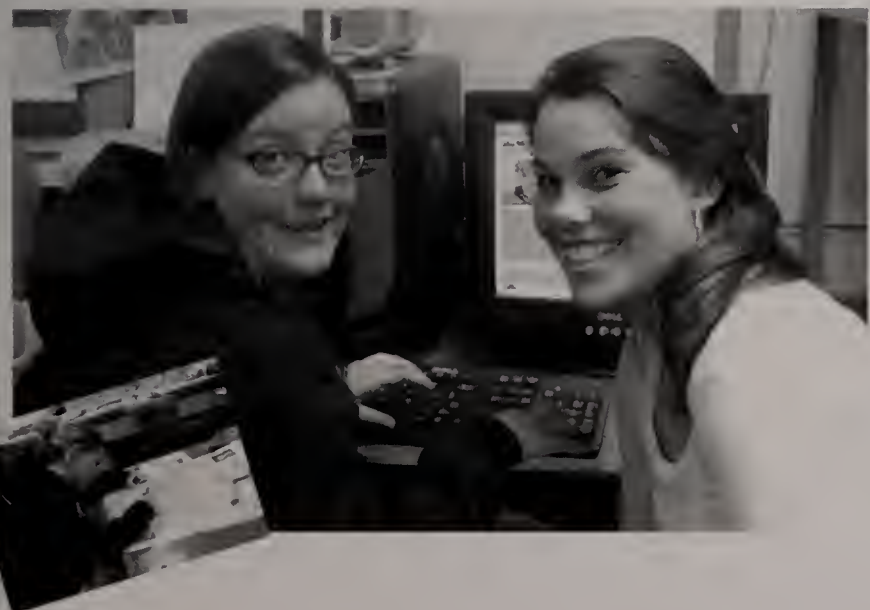

Thank you to the Nauset staff and friends who provided the Yearbook staff with much needed pictures and information. Your efforts outside of the classroom resulted in the success completion of the 2007 yearbook. A special thanks to Ms. VanTassle, Stan Johnson, Mrs. MacDonald, Amy Martin, Ms. Spencer, coaches, advisors, and parents of seniors.

Smile for the camera. Sam Mohan, Julie Hight, and Sarah White took on many challenging assignments for the yearbook, including homecoming, music, baby, elementary, and more.

How do you spell his name? Chrissy Fancy assists Molly Gage and Amy Dunne with checking names for correct spelling. They've put together the class pages as well as selling the yearbooks during lunch (above).

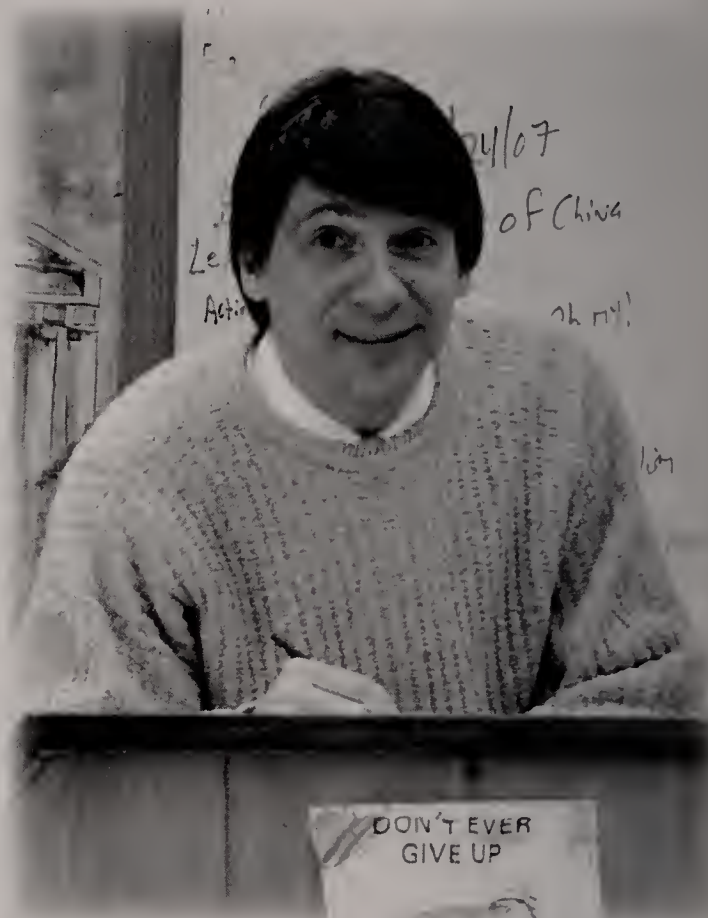

Seniors, seniors, seniors. Danielle Sullivan laughs with fellow classmates. She along with Kelsey MacDonald and Lauren McGown worked diligently on the senior section.

Sports Overload! Rielly McPartlan, Cammie Gainey, and Chrissy Fancy continue to plan layouts, place photos and write captions for the sports section.

The Class of 2007 dedicates the yearbook to...

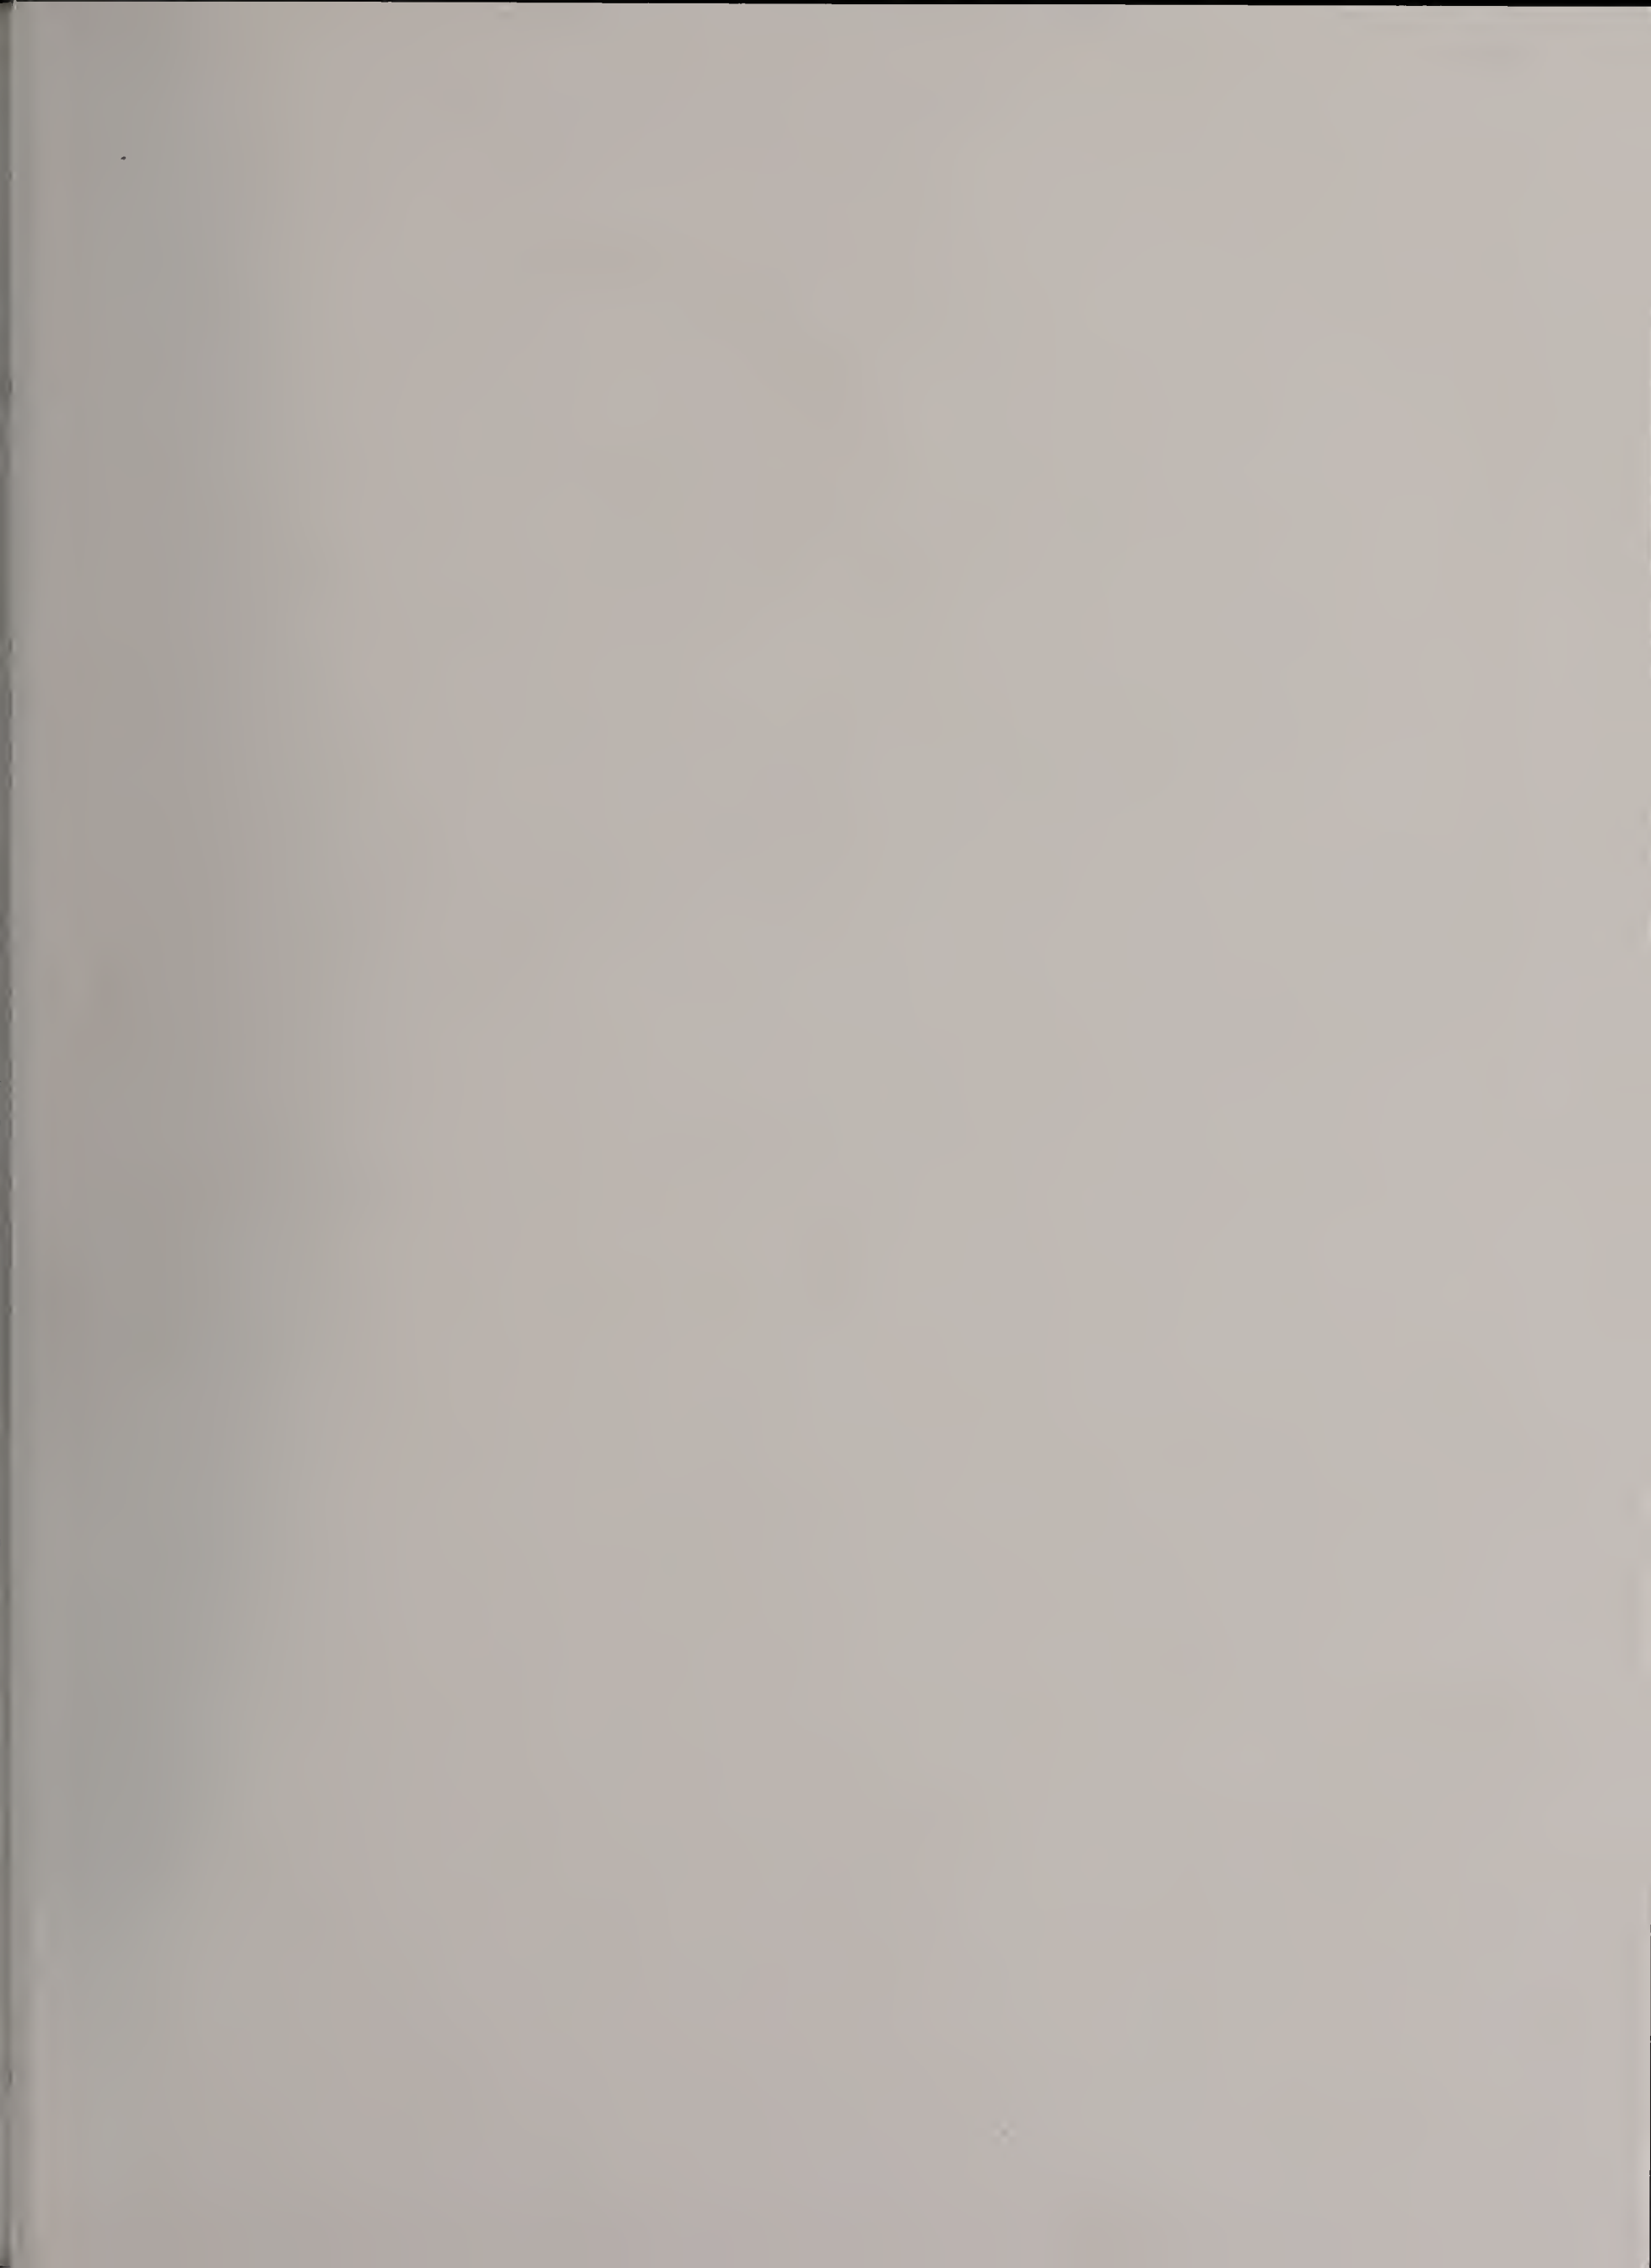

Mr. Evans

Mr. Evans has been a history teacher at Nauset Regional High School for the past four years. Students in the Class of 2007 and Mr. Evans began their journey at the same time. When they were becoming acclimated to school life at Nauset, so too was Mrs. Evans. Ask anyone who has been a student of his and they will agree that he is not only a dedicated and outstanding teacher, but an extraordinary and thoughtful individual. He is thoroughly involved with his students, helping them achieve their academic goals and taking a personal interest in each and every one. As a freshmen advisor, he helps pave the way for the incoming students and demonstrates a strong leadership quality. We consider ourselves very fortunate to have Mr. Evans at Nauset.

"Success leads to failure, and failure leads to success."
